Assistant Clinical Professor at the University of Cincinnati

Position: full-time, nine-month Assistant Professor, Clinical Track.
This three-year position is renewable based on available funding and performance with an expected start date of September 2011. Salary is competitive and commensurate with qualifications and experience. Requirements: a registered dietitian with a doctorate in human nutrition or a related field with documented graduate coursework work in nutrition. Responsibilities: teaching courses in nutrient metabolism, nutrition counseling, nutrition assessment and other courses as needed in traditional and distance-learning formats at the undergraduate and graduate levels. Other responsibilities include advising and mentoring undergraduate and graduate students; serving on graduate, departmental, and college committees; and, with interest and potential for assuming undergraduate program leadership. Applicants must apply at www.jobsatuc.com, search for position number 29UC5430 and attach cover letter, curriculum vita, transcripts, personal statement outlining their teaching philosophy and current research interests, and the names and contact information for three references including at least one of whom can address your teaching performance. The screening of applicants will begin in April 2011 and continue until the position is filled. Inquiries about the position may be directed to Sophia F. Dziegielewski, Ph.D., LISW Chair of the Search Committee, School of Social Work (dziegis@uc.edu), for the Department of Nutritional Sciences.
Information about the department can be found at http://cahs.uc.edu/nutritionalsciences.
